

SPEAKER SHANAHAN NAMES COMMITTEE IN HERRIN RIOTS

Tells Members to Get the Truth of the Situation

(By The Associated Press)
SPRINGFIELD, Ill., March 22.—Speaker David E. Shanahan of the house of representatives today appointed the committee authorized to investigate the Herring mine riots and directed the members to protect no one and punish no one, but to make a complete report.

"The more complete the report the better the speaker will like it," he said.

The committee members are: F. A. McCarthy, Elgin, chairman; Norman G. Flagg, Moro, farmer; W. L. Pierce, Belvidere, lawyer; Thomas Curran, Chicago, representing labor; W. B. Phillips, Mount Vernon, banker; Michael L. Igoe, Chicago, lawyer and M. P. Rice, Lewistown, lawyer.

The first four named are Republicans, Igoe and Rice are Democrats.

Just before the house adjourned, Representative John P. Devine, a minority leader, sharply criticized the speaker for not giving the Democrats three members of the committee. He declared politics was at the bottom of the matter and then charged Republican officials in East St. Louis with being responsible for not quelling the race riots there a few years ago.

Crime in Rock Island and other parts of the state also was attributed to inefficiency of Republican officials by the Democratic leader.

Speaker Shanahan replied that there were precedents for his basis of representation and later, speaking in his office to Mr. Devine and all of the committee members except Igoe and Curran, with newspapermen present, declared that he had disregarded political expediency with the view of picking men who could be relied on to make an impartial investigation.

Tells Committee to Get Truth

The committee members were directed to get the truth of the situation without regard to who it hits or who it harms, and to make a report that could be signed with the approval of their consciences. He advised them to proceed as rapidly as possible but thought it best to postpone hearings until the trial at Marion is concluded in order that the two might not conflict. The committee was told that if legal advice is found necessary, Attorney General Brundage should be consulted but the prevalence of lawyers on the body it was thought would make it independent of Mr. Brundage's office.

Chairman McCarthy announced

the first meeting would be next Wednesday in Springfield to determine on a program. The house today passed a joint resolution offered by Representative Scholes, Peoria, appropriating excess earnings of the division of game and fish to purchase lands and waters to conserve and upbuild the supply of fish and game. One proviso is to be in Northern Illinois, one in Central Illinois and one in the Southern section.

Sensors from Chicago and from downstate clashed today over the cooperative marketing bill, which was on second reading. Senator Swift, Libertyville, offered an amendment permitting members of cooperative associations to withdraw but the bill's proponents attacked it on the ground it would make the law unworkable. Chicago senators attempted to postpone consideration of the bill until Tuesday but on a vote were defeated 21 to 15. Later, on exacting pledges that Tuesday morning the bill would be given full consideration without further delay the measure's friends gave in and the senate adjourned.

The house also passed a bill allowing tractors and threshing machines to use improved public highways provided their wheels are so equipped with cleats that they do not damage the roads.

NOMINATIONS ARE SENT TO SENATE BY GOVERNOR SMALL

Public Administrators, Normal Trustees Are Named

(By The Associated Press)
SPRINGFIELD, Ill., March 22.—Governor Small today sent to the senate nominations for members of the Normal school board, for trustee of the state historical library and for three public administrators.

Persons nominated to the board for the six year period ending in January, 1927, are Sterling F. Curtis, Oakland; Mrs. M. K. Northam of Evanston; Edgar B. Still, DeKalb.

To be members of the board for the period ending in January, 1929; Elmer T. Walker, Macomb; Mrs. Grace Wykes, Benton; succeeding herself; E. E. Cole, Chicago.

As trustee of the state historical library, Laurence L. Larson, Urbana.

The new public administrators appointed, include:

For Bureau county, R. M. Skinner, Princeton; for Kane county, William B. Perce, Elgin; for McLean county, L. Earl Bush, Bloomington.

MANY UNEMPLOYED IN GREAT BRITAIN

(By The Associated Press)
LONDON, March 22.—The ministry of labor gave the number of registered unemployed in Great Britain at present as more than 1,300,000. Despite these huge figures unemployment thruout this country has been for a considerable time unusually free from serious labor disputes mainly because the big trade unions whose funds have been seriously depleted by previous trade struggles, find themselves no longer able successfully to resist the continued fall in wages which is shown to be necessitated thru the country's stagnant trade.

Recently, however, a number of disputes have developed, with threatened or active strikes in several trades, notably the miners, potters, building and electrical workers and farm laborers. Of these the only extensive movements concern the miners and farm workers.

NEW TREATMENT FOR PNEUMONIA

(By The Associated Press)
HOBOKEN, N. J., March 22.—Perfection of a new treatment for pneumonia whereby high frequency electric currents are inducted into the patient's body was announced today by Dr. H. V. Drosener, a Roentgen Ray specialist, attached to St. Mary's hospital.

The new treatment, known as the diathermic method, was said by Dr. Drosener to relieve congestion by electrically producing body heat and by driving blood to the affected organs.

First used during the world war the method was introduced here ten days ago. Nine patients were subjected to the treatment and all recovered so rapidly that they will be discharged from the hospital within a few days.

FLOOD WARNING ON UPPER MISSOURI

(By The Associated Press)
OMAHA, Neb., March 22.—Warning of flood danger was broadcast today by Director Robins of the federal weather bureau to residents of bottom lands along the Missouri river near Omaha.

"When the ice gorge breaks near Sioux City a wall of water will rush down the river," he said. While the situation need not cause general alarm, Mr. Robins said those living on the low river banks should seek higher ground.

His latest report from Sioux City was that the water there had risen ten feet behind an ice gorge.

SAYS BASKETBALL SUITS TOO ABBREVIATED

Quintan, Miss., March 22.—The Clark county grand jury which has just made its report declares uniforms worn by the boy members of the basketball and other athletic teams of the various schools are entirely too abbreviated. Attention of the county officials is called to the scantiness in cloth and the recommendation is made that efforts be made to secure "more modest uniforms." No mention is made of the uniforms worn by the girls' athletic teams.

LOAN ASSOCIATION MAY BE ORGANIZED BY COUNTRY BANKS

Statement Given Out by Federal Farm Loan Board

(By The Associated Press)
WASHINGTON, March 22.—Suggestions that country banks may legally organize loan associations under state laws as adjuncts to meet competition from the new intermediate credit banks soon to operate under the agricultural credits act were given tonight in a formal statement by the federal farm loan board. The statement, it was indicated was intended to give assurance to the thousands of country bankers that it was not desired that they should be driven out of business by the government's credit program. It is the aim of the farm loan board in administering the new law to facilitate the service of the country banks rather than interfere with them the statement explained, adding that the country banks obviously can meet the expected competition by use of red discounts although this course appeared to the board as questionable.

"A wiser and more practical plan," the statement continued,

"would be to organize under state laws, where they permit, a loaning corporation as an adjunct of the bank with paid in capital from \$10,000 up, as the needs of the community suggest. Such an institution could be officered and served by the officers and employees of the bank without expense and having no deposits could safely red discount five or six times its capital."

"A 1 1/2 per cent margin on this plus the interest on its capital loaned would produce a very good return and the net resolution would be to take the longer term paper out of the bank, which ought not to carry it and give better service at a reduced rate to the borrower. Such corporations would be of course have to have bona fide paid up capital and could red discount nothing but first class paper."

CEREBRAL HEMORRHAGE RESULTS IN DEATH

(By The Associated Press)
WASHINGTON, March 22.—A cerebral hemorrhage proved fatal to Milo D. Campbell of Michigan, recently appointed to the federal reserve board, death occurring late today before he could be removed from the golf links of the Columbia Country Club, where he had collapsed.

Mr. Campbell, in company with former Senator Townsend of Michigan, had just completed four holes of golf when he was stricken. He died within the minutes. Outside of complaining of a cold Mr. Campbell had been in the best of health. He attended a board meeting in the morning.

Mr. Campbell was sworn in as "dirt farmer" member of the board only a week ago. He is survived by a widow.

ASK FARMERS TO TELL LABOR NEEDS

(By The Associated Press)
AUSTIN, Texas, March 22.—A call for Texas farmers and employers to report immediately the approximate number of laborers they will need this summer was issued today by J. S. Myers, state labor commissioner in an announcement which stated that Texas will face a serious shortage of workmen within two months unless a prospective exodus to Michigan, Colorado, Montana and other states of skilled and unskilled labor is checked. Reports of needs of domestic employers will be filled with labor agencies with instructions to supply the home demand first, Mr. Myers said.

COURT WOULD BRING TRIAL TO CLOSE

(By The Associated Press)
Grand Rapids, Mich., March 22.—Indicating an intention to bring to a speedy close the accounting suit brought against the Israelite House of David by J. H. Hansell and wife of Nashville, Tenn., former members of the cult, Judge John E. Sater ordered counsel for the plaintiffs to conclude their case this afternoon.

The court's order was coupled with announcement that the protracted night session would not be held.

POSSE SURROUNDS PUT IN INDIAN BAND

Monticello, Utah, March 22.—The band of renegade Plutes has been surrounded by a posse in the Wash Comb district according to word brought here this afternoon by a courier.

Whether fighting is going on between the Indians and the whites could not be learned.

One Reported Dead, Several are Missing

(By The Associated Press)
SIOUX CITY, Iowa, March 22.—One person known to have been drowned and according to unofficial reports several others are missing and hundreds of head of livestock drowned and scores of farm dwellings swept away as the result of a flood in the Missouri river bottoms south of here, caused by a five mile ice gorge.

Airplanes late this evening bombed the gorge but without result. The bombs dropped from a height of 700 feet tore craters 200 feet wide but these filled with soft ice. Dynamite charges set off by crews working on the ice pack were also ineffective. Unless the ice gorge is broken by morning, flood stages will be reached at Sioux City where the Missouri already rose ten feet tonight.

The gorge formed below Brassfield's island early this morning. The island dwellers fled from their homes and sent a call to Sergeant Bluffs for aid. Rescue parties removed the women and children from the island during the afternoon. Fifty families

living below the gorge have abandoned their farms.

Warning has been sent to the families living along the lowlands as far South as Omaha. Water from the river is flowing into crystal lake for the first time in four years. Estimate of property damage late tonight was placed at \$100,000.

Efforts are being made tonight to rescue several families marooned on Duncan Island, Iowa, which island is in danger of being inundated at any moment.

RADIO EXPERTS ARE TRYING TO SOLVE PROBLEM

Considering Schedule of Wave Lengths for Broadcasting

(By The Associated Press)
WASHINGTON, March 22.—Technical problems in connection with the attempt to re-allocate wave lengths in an effort to prevent hindrance and suit the interests of the commercial, governmental broadcasting and amateur use of wireless telegraph and telephony continued to keep the national radio conference in executive session today.

The announcement of the conference conclusions, Secretary Hoover said might come tomorrow but the radio experts and governmental officials concerned intend to stay in session until a schedule of assigned wave lengths is agreed upon.

Either conflicts which concern the largest number of people are those arising from multiplication of broadcasting stations which are all trying to reach 2,000,000 or more private owners of radio receiving sets, it was said, and the American Telephone & Telegraph company, one of the largest corporations interested took a position before the conference favoring reduction in the number of broadcasters.

BURLINGTON BREWERY PATRONS IN BAD

(By The Associated Press)
LINGTON, Iowa, March 22.—Several agents tonight asked for patrons for the first fifteen cents, a thousand citizens in all walks of life in Burlington whom they intend to charge with buying illicit liquor. After closing and taking charge of the Blair Beverage company here the agents went through the books and have a long list of prominent regular customers.

After telling reporters for the morning paper that they would raid the cache of liquor belonging to a local club, naming the club, and then waiting several hours after the papers were on the streets the agents unearthed fifty half barrels of liquor in a club house across the Mississippi from Burlington. A week ago 2,650 gallons of wine was seized.

NO WORD COMES FROM SAUNDERS

(By The Associated Press)
MEMPHIS, Tenn., March 22.—No word has come early tonight from the headquarters of Clarence Saunders, head of the Piggly Wiggly Stores, Inc., that would indicate any charge in the terms of settlement demanded of short sellers of Piggly Wiggly stock caught in the jam Tuesday when a bear raid on the stock was repelled. According to the terms of settlement set down by Mr. Saunders in his only formal statement issued since the sensational happening of Tuesday, a price of \$250 a share would be demanded of those who failed to meet the offer of settlement on a basis of \$150 a share which expired at 3 o'clock this afternoon.

CROWE DENIES ALLEGED REPORT

(By The Associated Press)
CHICAGO, March 22.—Robert Crowe state's attorney denied today that he had requested Attorney General Brundage to take charge of the school graft cases before the grand jury last fall which resulted in the indictment of Fred Lundin, Mayor Thompson's political associate and 23 others on a charge of conspiring to obtain more than \$1,000,000 of school bond funds. Mr. Crowe testified during a hearing of the defense motion to quash the indictment because it is claimed the attorney general's action in taking over the investigation was illegal.

Mr. Crowe said that he requested that a new prosecutor be named when he was accused of unfairness but that he did not specify that the attorney general be appointed.

ST. LOUIS MAN HEADS ICE DEALER'S FEAR CAUSES MAN TO SUICIDE

(By The Associated Press)
NOKOMIS, Ill., March 22.—Fear aroused by threatening letters, combined with grief over domestic troubles is thought to have been responsible for the suicide of Joe Bernardino, 35, here today.

SOVIET OFFICIALS MET RESISTANCE IN CATHOLIC CHURCHES

Priests Opposed Tak- ing of Church Treasures

(By The Associated Press)
MOSCOW, March 22.—The testimony at today's session of the trial of Archbishop Zehliak of Petrograd, head of the Roman Catholic church in Russia and sixteen priests, showed that the soviet officials encountered sharp resistance when they attempted to requisition the valuables in the Catholic churches of the former capital.

The churchmen are charged with opposing the decree separating the church and state, resisting the sequestration of church treasures and engaging in agitation for the closing of the churches which it is declared would inconvenience the soviet government with the vatican and impair the terms of the treaty with Poland.

The Russian agents in their work of requisitioning treasures met with resistance.

The young priest, Elsmund, at the church of St. Casimir, Petrograd, halted the requisitioners when they sought to examine the host, declaring that they could pass only over his dead body. Kodkovich, the priest of St. Catherine's, Petrograd, refused to reveal the hiding places of the church treasures and called upon the congregation to defend them.

Father Yunavich, at the church of the Holy Stanislaus, kept the services going from morning until night holding the congregation in the church during the time set for the requisition. Archbishop Zehliak, wearing a red hat and red belt is the center of the group of defendants, most of whom are young. Lawyers are stubbornly contesting the accusations made by Nikolai Krylenko, president of the supreme revolutionary tribunal, who is acting as prosecutor.

PRISON OFFICIALS DISCUSS PROBLEMS

(By The Associated Press)
WASHINGTON, March 22.—Production and distribution problems affecting prison farms and textile plants were discussed in detail at group meetings today of prison officials and others assembled here for a conference by the national committee on prisons and prison labor.

Prison manufacture of automobile tags also was considered by another section. The difficulties of the manufacture in penal institutions being particularly emphasized. The advantages of standardized grades of agricultural products were stressed by department of agriculture experts and prison farm officials, both from the standpoint of profit from sales of surplus and with respect to purchase of supplies for the states' institutions.

MISS EFFIE EPLER RELECTED LIBRARIAN

(By The Associated Press)
STRACTOR, Ill., March 22.—Mrs. Charles E. Herrick, post re-elected state regent at the closing session today of the Daughters of the American Revolution in their state convention here. Her opponent was Mrs. W. C. Irion, of Ottawa.

Two matters of legislation endorsed by the conference were the bill requiring the study of the constitution in every school drawing support from the government and the bill on displaying the flag at polling places and other public places.

GERMAN COAL MINERS TO HOLD OUT

(By The Associated Press)
HAMM, Germany, March 22.—Defiance to France and the expression of a determination to hold out against the occupational forces constitute the keynote of a fiery proclamation issued today by the National League of Coal Miners. The proclamation declares that neither the offer of cake or the application of riding crops will ever succeed in making the economic slaves of French militarism and imperialism and our unarmed resistance will go on quietly but firmly, until France decides to abandon her policy of brutal political force.

LARGE PRODUCTION OF AUTOMOBILES IN MONTH OF FEBRUARY

More Than in Any Month Since June Report Shows

(By The Associated Press)
WASHINGTON, March 22.—Automobile production was larger in February than in any month since last June, department of commerce figures announced today placing the output of passenger cars at 254,415, compared with 223,706 in January and 109,171 in February 1922. Trucks produced totaled 21,359 compared with 19,376 in January and 13,195 in February last year.

Registration of motor vehicles during 1922, according to the bureau of public roads, was 12,238,375 as compared with 3,500,000 in 1916.

Registration increased 1,775,000 last year as compared with an average annual increase of 1,390,000 for the preceding five years. They were grouped as follows:

Private passenger cars	10,800,371
Taxi cabs, busses and cars for hire	69,459
Motor trucks and commercial cars	1,276,804
In addition 29,328 trailers and 108,714 motor cycles were listed.	

Truck registration showed a 30 per cent increase, while the total gross revenue received from registrations amounted to \$1,047,827 of which \$117,093.11 was applied to road work under the supervision of state highway departments.

SHORTS DISREGARD SAUNDERS ULTIMATUM

(By The Associated Press)
NEW YORK, March 22.—The ultimatum of Clarence Saunders, president of the Piggly Wiggly Stores, Inc., calling upon the "trapped short interest" in the class "A" stock estimated at 25,000 shares, to settle with him at \$150 a share before 3 p. m. today or to pay \$250 later, apparently was disregarded by the majority of the shorts. Altho E. W. Bradford, Mr. Saunders' counsel, expressed satisfaction at the prospect of the settlement which is being handled thru about a dozen brokerage houses, it was reported that the day's sales at Mr. Saunders' quoted price of \$150 were exceedingly small.

The New York Stock Exchange which suspended trading in the issue following its violent 52 point fluctuation Tuesday struck the stock from the list on the ground that there was such a concentration of holdings as to make impossible a free market for the stock. The exchange also postponed until 2:15 p. m. next Monday the date for the delivery on the Tuesday's transaction, thus giving sellers from a distance time to obtain the same for purposes of delivery.

ILLINOIS HAS LOTS OF BANK ROBBERIES

(By The Associated Press)
PEORIA, Ill., March 22.—One third of the total bank robberies in the United States were committed in Illinois, causing bank insurance to be increased to four times that of Pennsylvania where state police are maintained, declared Harvey Hill, chairman at a meeting here today of executives of the commercial associations in Illinois.

P. G. Rennie and Eugene Brown, the latter president of the Illinois Protective association, spoke at the meeting urging support for the deep waterway project for the Illinois river.

SET APRIL 20 AS DATE FOR HEARING ON PACKER MERGER

Government Will Not Delay Hearings of its Complaint

(By The Associated Press)
WASHINGTON, March 22.—Consideration of the government's complaint against the merger of Armour & Company and Morris & Company, two of the country's largest meat packing establishments will not be delayed, officials of the packers and stock yards administration say the change in the date for beginning of hearings announced today.

A preliminary hearing which was to have been held here April 2 has been eliminated and the packers given until April 23 to file their answers to the complaint served upon them by Attorney Wallace. Hearings will open at Kansas City, Mo., April 20, when livestock interests will be called upon to testify as to the operations of the two companies on that market.

Upon conclusion of hearings, similar proceedings will be held at East St. Louis, Omaha, Chicago and probably other livestock centers where the two companies are in active competition.

Concluding hearings will be held at Washington probably during the first week in May, will decide as to issuance of an order forbidding the merger.

FOSTER MUST FACE DECISION OF JURY

(By The Associated Press)
ST. JOSEPH, Mich., 22.—William Z. Foster, charged with violating Michigan criminal syndicalism law by assembling with the national communist convention in the sand dunes near St. Joseph last August, must face a jury's decision as to whether he shall go free or serve ten years in prison or pay a fine of \$5,000 or possibly both.

Judge Charles White today overruled a motion by Frank P. Walsh, chief of counsel for Foster, that the court direct the jury to return a verdict of acquittal and ordered the trial to proceed.

Mr. Walsh submitted ten reasons why the defense maintained that no cause has been stated against Foster by the state. He also cited court decisions in Michigan and Kansas cases to sustain his position but Judge White held there was no similarity between the legal literature cited and the present trial. The court also held that he could not pass on the constitutionality of the Michigan law against syndicalism and that for the purpose of this trial, he would declare it constitutional. Mr. Walsh made his motion as soon as the state rested. As its final evidence the prosecution read to the jury a number of selections from the Thesis and resolutions, of the Moscow international dealing with direct action, mass action, conditions in this country and an attack on the American Legion.

The defense counsel declined to state tonight whether Foster will take the stand in his own behalf or who the defense witnesses will be.

EINSTEIN HAS NEW DISCOVERY

(By The Associated Press)
BERLIN, March 22.—A new discovery which it is believed will create an even greater sensation than his theory of relativity has been announced by Professor Albert Einstein, famous German scientist, upon his arrival at Kantara, Egypt, after his recent trip to Japan with his wife.

Professor Einstein is withholding the details of the discovery stating merely that it concerns the connection between the earth's power of attraction and terrestrial magnetism.

The scientist according to dispatches received here declared his mental processes were greatly facilitated by the long sea voyage.

BRINGS SUIT TO COLLECT \$60,000 TAXES

Chicago, March 22.—Suits to recover \$60,000 in taxes for the year 1917 was filed by the government today against William J. Jackson, as receiver for the Chicago & Eastern Illinois railway company. It was charged that the company paid taxes of \$84,470 on income of \$1,510,116. It was alleged the company should have paid taxes of \$145,030. The discrepancy, it was alleged, was due to the sale of certain coal fields.

EGYPTIAN POLICE AND SOLDIERS CLASH

Cairo, Egypt, March 22.—Thirty persons were wounded, mostly police, in a fracas today between Egyptian police and Egyptian soldiers at Tanta, capital of Gharbiyah province.

It is declared that no political significance attaches to the clash.

If you weren't born to be a super-man, you'll never be one. Every human being is born into the world with the potential ability to develop just so far but no farther.

This theory, about any individual's limitations, is advanced by Dr. H. H. Goddard, psychiatrist at Ohio State University.

It sounds reasonable, since we all know that we cannot build a skyscraper out of one load of bricks. Some of us are more gifted than others. Also, we lack certain powers that nothing on earth can possibly develop.

Max Rubner years ago penned a similar idea: "For every pound weight of his body at maturity, the average man produces and consumes 362,900 calories of energy before he dies. Death comes when he has consumed that amount. Nothing that he can possibly do will make his body produce during adult life more energy than the 362,900 calories; and nothing can possibly prevent his death when this amount of energy is produced."

Accepting Rubner's theory, you can overwork or dissipate so that you will use up your potential energy sooner than if you live slowly and sensibly. That's why loafers outlive the hard workers who are like furnaces that burn with the drafts open and (so empty the coal bin quickly.

Rubner's theory was that our potential physical strength is limited, that it is impossible to increase it past a certain point. Goddard has a similar idea about natural abilities.

However, no one should be discouraged by these theories. Each of us has enough potential strength and ability to make us reasonably successful—if we develop them.

No man, not even an athlete, ever develops his powers fully. No matter what record a man makes, he has within him the power to beat that record. Occasionally we think we have exerted ourselves "to the last ounce of strength," but that's imaginary.

Look at your work, as you have done it.

Maybe there are others who could do it better.

But you also can improve on it.

Just because we can't all finish first in the race is no reason why we shouldn't try to get second place.

And the ultimate result? The runner who finishes first developed his power to finish first by constant struggling and training until he got out of second place. Yes, we are limited and know it without professors telling us, but none of us is as limited as he thinks he is.

U. S. RECLAMATION ENGINEERS

Phoenix, Ariz.

Here, where once a desert lay, desolate and bare, Now a glad green country smiles, opulent and fair; Floods that thundered madly down, raging through the land, Now are held and leashed by Man, serving his command. So a miracle appears, where the cactus ruled for half-a-million years, Over dusty trails forlorn, Now there's cotton, wheat and corn. Thanks to U. S. Reclamation Engineers!

Here where lean coyotes howled, where mesquite had spread Over league on barren league, thirsty, bleak and dead, There are farms and villages, churches, homes and schools. All because the engineers learned to use their tools. So a miracle—a miracle appears. And the driest land upon the hemispheres Comes to blossom as the rose, Growing everything that grows. Thanks to U. S. Reclamation Engineers!

Manna in the wilderness, water on the plain, That's what engineers have brought to this domain, Dam and ditch and deep canal where the waters run, They have wrought their magic under Arizona's sun, So a miracle—a miracle appears, And the desert wind that withers up and sears, Has become a gentle breeze, Sighing gently through the trees, Thanks to U. S. Reclamation Engineers!

FRIDAY
Devotion to Christ

"She hath done what she could," Mark 14:8.

Read Mark 14:1-11.

"The ideal home-maker is the ideal philanthropist. She dresses her family with scarlet, and she reaches forth both hands to the great world which needs her."

MEDITATION: See how Jesus evaluates sentiment! The devotion of Mary that broke the alabaster box is one with woman's God-given impulses which begot mother love and all the family of altruistic passions which elevate the race. Well may we reverence it!

HYMN:
In simple trust like theirs who heard, Beside the Syrian sea, The gracious calling of the Lord, Let us, like them, without a word, Rise up and follow thee.

PRAYER: O Heavenly Father, shed forth thy blessed Spirit richly on all the members of this household. Make each of us an instrument in thy hands for good. Purify our hearts, strengthen our minds and bodies, fill us with mutual love. Let no pride, no self-conceit, no rivalry, no dispute, ever spring up among us. Make us earnest and true, wise and prudent, giving no just cause for offense; and may thy holy peace rest upon us this day and every day, sweetening our trials, cheering us in our work, and keeping us faithful to the end; through Jesus Christ our Lord. Amen.

RECEIVES WORD OF RELATIVE'S DEATH

Frederick Ireland, Cousin of Mrs. James H. Danksin, Dies in Washington—On Staff of Shortland Reporters of House

Mrs. James H. Danksin has received a clipping from a Washington paper telling of the death of her cousin, Frederick Ireland, which occurred in that city recently.

Mr. Ireland was a native of Adrian, Mich., and was 63 years of age at the time of death. While a resident in Michigan he was active in Masonic work.

In 1880 Mr. Ireland went to Washington as a member and had held that position since. In this capacity he formed a personal acquaintance with every member of the house since that time. He was dean of reporters of the house at the time of his death. He was a member of the National Press club of Washington and of the National Shortland Reporters association.

Earlier in life Mr. Ireland engaged in the practice of law and was a member of the bar of his native state. He also was admitted to practice in the Supreme Court of the District of Columbia, the District of Columbia Court of Appeals and the United States Supreme Court.

Mr. Ireland was a scholar and linguist, speaking and writing Greek, Latin, German and French. He also was an authority on the Bible, Shakespeare and Horace.

His widow and two children survive. Max Ireland and Miss Polly Ireland, students of the high school in Washington.

HONORS AWARDED AT WINCHESTER SCHOOL

Girls Making Highest Records in Physical Training Work Awarded Honors Thursday Evening—Other Winchester News

Winchester, March 22.—An audience of more than 600 persons gathered in the gym of the community high school Thursday evening for the gymnastic exhibition given by girls of the physical training department. The exhibition was such as to reflect great credit upon Miss Vera Wardner, the physical director, as well as upon the 100 girls who are taking the physical training course.

Several of the girls in the classes were unable to be present on account of illness. The program as announced in a previous issue was carried out.

The band furnished a splendid program of music before the gymnastic exhibition began.

Supt. C. W. Smith made a brief address and then announced the names of the girls to whom honors were awarded. The girls who attained 25 points, thus winning the seal, were Hene Woodall, president of the Athletic association; Elanet Smith and Bess Hainsturther. Girls who attained 10 points and to whom were awarded arm bands were Martha Gibbs, Katherine Bagshaw, Cecil Emerick, Mabel Shipley, Gussie Orrin, Dorothy Reynolds, Katherine Glossup, Mabel Knapp, Percy Butzback, Lucille Schilling, May Southwell, Fay Cox, Florence Kuck, Annabel Moore, Mabel Martin and Martha Leach.

At the close of this ceremonial Miss Hene Woodall on behalf of the class presented Miss Wardner with a bouquet of beautiful roses, the girls in this way expressing their appreciation of the excellence of Miss Wardner's work.

All the numbers on the program were very good, the Grecian interpretive dance and the extension drill being especially well done. The Golden Age feature received a hearty encore and the closing number, pyramid building, was a fitting finale for a splendid program. The girls who acted as accompanists throughout the program had no small part in the success of the whole.

News Notes

Mrs. Herman Smith received a message Wednesday telling of the death of her sister, Mrs. Mattie Morrow, in St. Louis.

Louis Geiger, wife and daughter of Manchester, have been visitors at the home of Thomas Kirkman and family.

Mrs. Carl Freitag is critically ill at the family home southeast of town.

Miss Helen Burbank of Bluffs was in Winchester Thursday evening to attend the gymnastic exhibition at the high school.

John Priest is ill at his home on West Cross street.

GUNN FUNERAL HELD THURSDAY AFTERNOON

Funeral services for Miss Eva Gunn, a resident of Manchester, were held at 2 o'clock Thursday afternoon at the home of Mr. and Mrs. Frank Ledford, 633 East State street, in charge of Rev. A. B. Cadwell of Marengo, Iowa, a former pastor of the Manchester Methodist church. He was assisted by Dr. C. L. Fletcher and Rev. C. D. Robertson.

Music was furnished by the Duncan Sisters' quartet of White Hall. There were many beautiful floral tributes, a number of which were brought by friends from Manchester.

The flowers were cared for by Mrs. E. O. Hess, Miss Goldie Rochester, Miss McCracken and Mrs. Ruth Bartlett.

Funeral bearers were: Asa Robinson, Byron Armstrong, T. H. Rapp, T. H. Buckthorpe, James Cridland, J. E. Osborne, Walter Huffman and Dr. O. E. Hess.

OBITUARY

Eva Gunn was born on a farm southeast of Murrayville, Morgan County, Ill., Sept. 13, 1861. She was the daughter of Rev. James A. and Eliza Gunn.

Her father died when she was seven years of age leaving a family of children who were reared and educated in Jacksonville, Ill.

On reaching maturity Miss Gunn served as attendant at the Jacksonville State Hospital for about four years, following which time she had charge of the children's cottage at the Hospital for Deaf and Dumb for several years. After leaving this position she practiced nursing in Jacksonville until 29 years ago, since when she was called to Manchester to care for her cousin, Mrs. Clara A. Heaton, wife of Henry Heaton.

After Mrs. Heaton's death Miss Gunn kept the home for Mr. Heaton and son, Claude, until the death of Mr. Heaton Feb. 11, 1923.

After a brief illness Miss Gunn passed away at the Heaton home in Manchester, March 20, 1923. Her mother having died Sept. 27, 1904, and the brothers and sister having preceded her in death. The death of Miss Eva marks the passing of the last of the immediate family.

Miss Gunn united with the Centenary Methodist Episcopal church in Jacksonville in youth and still held her membership there at the time of her decease. Having an implicit faith in her Savior, her religion as well as her life was that of service. Many were the calls for help in time of sickness which she answered. She served faithfully in everything she did. Without father, mother, brother or sister, she was not without friends for she proved herself a true friend. She was like a mother to Claude Heaton and a sister to Mrs. Emma Fenstermaker, Mrs. Minnie Ledford and Mrs. Clarke Baldwin.

FAVORITE LODGE CONFERRED RANK

Fifteen are Given Rank of Knights in Thursday Night's Meeting—Will Enter Degree Team in Contest.

Favorite Lodge No. 376 Knights of Pythias at the regular meeting Thursday night conferred the Rank of Knight on a class of fifteen candidates.

There was a large attendance present and much interest was shown in the work. The lodge also accepted a challenge from Petersburg Knights of Pythias lodge for a series of games of 500. It will be best out of three and a hot contest is looked for.

Favorite Lodge also has a crack team to confer the Rank of Knight. It was voted last night to enter this team in competition for the prize of \$100 for the conferring of the Rank of Knight offered by the Grand Lodge.

Following the business session and work refreshments were served. The following were given the final degree:

Harry Simonds, Ralph Eoff, Floyd Hull, Leonard Laurence, Harold McDougall, Elbert C. Brasel, Frank M. Hopper, L. C. Burton, T. C. Conover, John A. Peterson, Wilbur Rowland, Edgar Jones, Lloyd Violet, R. D. Beasall and Frank Kennedy of Murrayville.

Farm Mortgages Not a Sign of Poverty

The Farm Mortgage is no longer a sign of poverty on the part of the borrower. It rather points him out as an aggressive, enterprising, ambitious individual, who, by his labor and thrift, has accumulated a sum of money which he uses as a margin in the purchase of land to guarantee the repayment of his obligation. He is the man who is feeding the world and building the rural communities.

MRS. C. A. FIEDLER IS SUMMONED BY DEATH

Well Known Resident of City
Dies Thursday Morning After
Serious Operation—Was En-
gaged in Many Activities

Mrs. Charles A. Fiedler, 1122 West Lafayette avenue, died at 10:30 o'clock Thursday morning at Passavant hospital, following a serious operation. Mrs. Fiedler was widely known in this city, being connected with a number of lodges and church organizations, in all of which she took an active part.

Deceased was born in Calhoun county on Jan. 6, 1883, the daughter of Mr. and Mrs. Charles Gordon. Her maiden name was Bessie Gordon. She was married to Mr. Fiedler on Easter Sunday, April 23, 1905, and came to this city to live in 1911.

Mrs. Fiedler was a member of Centenary M. E. Church, the White Shrine, and the Royal Neighbors of America. The remains were taken to the funeral parlors of Arthur G. Cody and prepared for burial. Funeral arrangements will be announced later.

Mrs. Fiedler leaves her husband, and three children, Dorothy, Verne and Farrell. Her parents, four brothers, Cecil and Herbert Gordon, of Peoria, C. A. Gordon of Waukegan, Florida and Howard Gordon of Detroit, Michigan, and one sister, Mrs. Hallie Tooney, of Peoria, also survive her.

Muriel's Happy JOHN D.'S GRANDDAUGHTER HAS MADE OWN WAY FIVE MONTHS

MURIEL MCCORMICK AND (INSET) HER HOME.

BY ROY GIBBONS
NEA Staff Correspondent

Chicago, March 22.—Into the front entrance of an unpretentious apartment house reeking with the smell of fried potatoes and up three flights of stairs I went and entered a compact four-rooms-and-kitchenette suite.

There to receive me was Muriel McCormick, granddaughter of John D. Rockefeller, richest man in the world, and daughter of Harold F. McCormick, Chicago Harvester multimillionaire.

Muriel's been living there five months—since she fled from the Gold Coast home of her mother to escape "an artificial life" and started her hat shop across the way.

I had called to see how the heiress was getting along in her new surroundings.

She's Contented.
"I'm happy," said Muriel, looking out of her side window from which she can see the back doors and garbage cans of her former Gold Coast home. "There's really nothing to sentimentalize about."

"I've been pampered and petted all my life. That's why I came here—to get away from it. This being on your own is the only way to live. It's American and independent. I derive all my living, you know, from my store."

"You sell—er—dresses?" I inter-

posed.
"No," said Muriel emphatically. "I sell gowns—and hats. I design them, too. It keeps me busy, gives me something worth while to think about and yields me a comfortable living."

"Before I was cooped up in the big house. Servants were everywhere, bowing and bowing again."

Tired of Servants.
"I tired of that, as any American girl would. I came here to escape people who bore me—servants especially."

"I'd much rather run my little hat shop than sit all afternoon and play bridge. That's stupid."

"There's nothing about the simple life that wearies one. So long as you lay your head on clean pillows at night, it makes no difference whether they are silk or cotton."

"Now about your—er—stepmother Ganna Walska, whom your father recently married—"

"Let them talk about that themselves. I'm trying to mind my own business."

"Then, about the coming marriage of your sister, Mathilde, to Max Goss—"

Muriel waved her hand.
"Zeese wazy, meestaire, zeese wazy, please!"

And a French maid led me to the stairs.

FINDS WOLF CUBS

Pittsfield, March 22.—Chas. Moore of New Salem, while out with his gun and dog found nine young wolves, where the mother wolf had hidden them in a stump on the Ed Doane farm, two miles northeast of New Salem. The old wolf attacked the dog near the stump but young Moore who is a lad about 16 years of age, was afraid to fire at the wolf for fear he might hit the dog. He hopes to get the old wolves soon. County Clerk Harpole gave him an order on the County Treasurer for \$45, \$5 a head bounty on the cubs, which were taken out and killed.

HARDING SHOWS HIS DEMOCRACY

(By The Associated Press)
DAYTON, Fla., March 22.

Florida newspaper editors who have been commenting on the democracy of President Harding's vacation pointing out the cordial manner with which he shakes hands, with all those who turn out to meet him at the various stopping places, were given a new example of presidential democracy today during a stop at Titusville.

The Pioneer, the house boat carrying the president and his party docked at Titusville to take on gasoline and water. Having cruised for several hours and a cruise of several hours more in prospect, as almost the entire day was spent on the house boat, the president accompanied only by Dick Jarvis of the secret service detail left the Pioneer for a walk.

He walked to the end of the long pier at which the Pioneer had stopped and then started a sight-seeing tour of the little town, which had only a thousand or so inhabitants. It was warm and evidently the president decided he could see the town more pleasantly in an automobile. So the nearest car that appeared like it might be hired was hailed. It happened to be a bright, shiny new Ford driven by a young man wearing khaki trousers and a flannel shirt and no hat, but Mr. Harding climbed in the back seat with Jarvis and toured the town arriving back at the dock just as the Pioneer concluded taking on supplies.

GERMANS CAUSE OF POOR SERVICE

New York, March 22.—Disruption of international telegraph lines crossing the German territory occupied by French forces has been caused solely by acts of sabotage and the ill will of German telegraphers, acting under instructions from the German government, the French tele-

Now, a Quick Quaker Oats

Cooks in 3 to 5 minutes
The quickest cooking oats in the world

Now your grocer has Quaker Oats in two styles. One the kind you have always known—the other is Quick Quaker.

Quick Quaker cooks in from 3 to 5 minutes. And it cooks to perfection. So it is almost like a ready-cooked dish.

No other oat flakes on the market cook anywhere near so quickly.

The two styles are identical in quality and flavor. Both are flaked from the finest grains only—just the rich, plump, flaky oats. A bushel of choice oats yields but ten pounds of these delicious flakes.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Ask for Quick Quaker if you want this style. Your grocer has both. But always get Quaker Oats for their delightful flavor.

Social Events

Illinois College French Club Meets

The French club of Illinois college was very pleasantly entertained Thursday evening by Prof. Edmund Munger at his studio. A musical program was given, and at the roll call each member answered by mentioning a noted French composer. The minutes of the last meeting were read by Miss Mary Cummings. The following program was given:

Piano solo—Miss Janet Brown. Vocal solo—Miss Suzanne May. "Life of De Bussy"—Miss Alice Alexander.

Piano solo—Prof. Munger. It was voted during the meeting to present a play entitled "Marianne de Guerre," at the open meeting of the club. Following the final program, the members spent the remainder of the time listening to several opera records on the Victrola.

Pocahontas held regular meeting. Lena Council No. 97, Degree of Pocahontas, held a regular meet-

ing at the Red Men's Hall Thursday evening. There was a large attendance. Three applications for membership in the order were received.

After the meeting the members enjoyed a pie supper. The proceeds were turned over to the Orphans' Home fund of the organization.

San Souci Club Met

Members of the San Souci club were entertained Thursday evening at the home of Mr. and Mrs. Clarence P. Siegfried on South Clay avenue. Dinner was served at 6 o'clock and several hours afterward were spent playing five hundred.

S. S. Class Officers Met

Officers of one of the classes at State Street church Sunday met yesterday afternoon at the home of Mrs. W. H. Marbach to discuss plans for the future. Mrs. Carl E. Robinson is the president

of the class and planned the meeting yesterday for consideration of various plans for the class during the coming months.

South Side Circle to Meet Today

Mrs. J. J. Reeve will be hostess to members of the South Side Circle this afternoon at her home in the Cherry apartments. This is the regular meeting of the club and Mrs. Reeve has invited a number of guests. Mrs. W. C. Bradish is in charge of the program for the afternoon and her subject will be "A Trip Thru Europe." This is expected to be an especially interesting feature, as Mrs. Bradish will describe her own experiences in a tour of Europe. Afternoon tea will be served by the hostess at the close of the program.

Northminster Church.

The Woman's Home and Foreign Missionary society held its regular meeting Thursday afternoon at the church. The leaders were Mrs. Lillian Sardinia for devotional exercises and Mrs. Mary Baptist the literary exercises. Mrs. Emma Baptist read a very interesting article about the home work and Mrs. Sophia Day read from the foreign mission work. The annual treasurer's and secretary's report was given. During the business session the retiring president, Mrs. Nellie Timmermann, gave up her place and gave a hearty welcome to the new president, Mrs. Simeon Fernandes. The meeting was very interesting and very much enjoyed. After adjournment the social hour was very much enjoyed as there was a large attendance.

DEATHS

Hamilton

Mrs. Bertha Jane Hamilton, a pioneer of the early days in Tennessee and a close friend of the family of Andrew Johnson, seventh president of the United States, died early Thursday morning at the home of her son, Robert S. Hamilton, east of the city. The remains were removed to the undertaking parlors of Williamson & Son, where they were prepared for burial. They were later shipped over the Alton to Glasgow, Ky., where funeral services will be held.

The deceased was born in Greenville, Tenn., July 6, 1827. She has resided in this county about three years, making her home with her son, Robert. She is also survived by another son, John Hamilton of Washington, D. C., and three daughters, Mrs. J. Lester of Alexander and two others in Sunset, Ky.

MATRIMONY

Chambers-Taylor.

Albert Chambers, of Kasheer, Illinois, and Miss Georgia Taylor of Winchester, were married at 3 o'clock Thursday afternoon at the county court house. Justice W. T. Dyer performed the ceremony, which was witnessed by G. A. Dunlap and L. U. Baldwin.

GOVERNMENT RAIPS FAKE ADVERTISING.

Washington.—Honest advertising is to come under the protection of the United States Department of Agriculture, to judge from a statement issued from the secretary's office here. The subject of the statement is "Faking the Blueberry Business."

The department tells of sixteen years' successful effort in Washington and at a testing plantation at Whitesboro, N. J., in order to learn the requirements of the cultivated blueberry, and to establish it as a commercial crop. The need for an acid soil, instead of the usual alkaline soil, is especially stated out of this experience.

Now, protests the department, in the face of all its care and effort, a few unscrupulous nurserymen "are taking advantage of the work that has been done in the domestication and improvement of the blueberry to deceive the public by advertising blueberries in a very misleading manner."

One advertiser is mentioned particularly. He has been using, the department says, "an illustration of a hybrid blueberry taken from a publication of the Department of Agriculture issued in 1916. The illustration is used in such a way as to lead the reader to believe that this firm has for sale blueberries of the kind shown in the illustration, when as a matter of fact ordinary wild blueberries, first transplanted to a nursery are furnished in response to the advertisement. Furthermore," states the department, "advertisements issued by this firm give very misleading information."

Quotations from a definite advertisement are made, which assert the ease and success with which the advertised "nursery-grown" plants can be grown. "These statements give a very erroneous and misleading idea of the conditions necessary for success in blueberry culture," states the department.

It continues, "The department's testing plantation for hybrids is at Whitesboro, near Browns Mills, New Jersey. About 20,000 different hybrids have been fruited thus far. Propagation material of some half dozen of the best of these hybrids has been placed in the hands of several nurserymen but only one of them has carried the propaganda to the point of offering plants for sale."

Some of the varieties bred under its own auspices have berries three-fourths of an inch in diameter, the department reports.

LUMBERMEN PLEDGE SUPPORT TO LABOR

NEW ORLEANS, La., March 22. Active support of the organized labor industry of the United States was extended at the closing session here today of the National Lumber Manufacturers association representing thirteen regional lumber bodies, to a movement by Representative Sidney Anderson of Minnesota, and other to organize a "national transportation institute," with the object in view of ultimately working out many bills which were declared to be set the important phase of the economic structure of the country.

A "declaration of principles" of fourteen points with respect to reforestation, submitted by George S. Long, chairman of the forestry committee of the association, was adopted.

John W. Blodgett of Grand Rapids, Michigan was re-elected president and all other present officers were chosen for the ensuing year.

Chicago, March 22.—Almost simultaneously with the withdrawal of Class "A" stock of the Piggly Wiggly stores, Inc., from the New York stock exchange, it was announced here that the stock had also been thrown out by the Chicago Stock Exchange.

While no official reason was given by the Chicago Stock Exchange high officials said that the belief that a free market for the stock no longer existed was responsible for the action.

WALKER DEFENDS WELTERWEIGHT TITLE

NEW YORK, N. J., March 22.—Mickey Walker retained his title of world's welterweight champion at the end of a 12 round no decision bout with Pete Latzo of Scranton, Pa., tonight. The champion received the unanimous verdict of newspapermen at the ringside.

The champion was in command all the way and altho Latzo fought strenuously he was kept mostly on the defensive taking a severe body beating. At the end of the bout the challenger's right side was a mass of red welts. With a left hook to the jaw, Walker sent the Scranton man to the floor for a count of three in the fourth round and in the ninth round he landed a right hook to the jaw that sent the challenger reeling across the ring where he clinched and recovered.

MAY FILE SUITS AGAINST SIGNERS

(By The Associated Press)

CLINTON, Ill., March 22.—Damage suits may be filed against signers of a mandamus petition recently filed in the Sangamon county circuit court against Governor Small and other state highway officials in which signers sought to have the routing of state aid route No. 2 thru Clinton changed.

The action against the signers if taken, will be based upon damages resulting from delay in construction of the road thru Clinton.

Plans for construction of roads on Route No. 2 in 1923 do not contemplate work in DeWitt county, according to information available from Springfield.

No action will be taken by backers of the hard road thru Clinton toward filing the threatened damage suits until a decision in the mandamus petition has been handed down by Judge Smith in the circuit court in Springfield.

TAKES GUN FROM BANDIT;

IS SLASHED WITH RAZOR

Burlington, Iowa, March 22.—Paul D. Carspecken, younger brother of Phil Carspecken who has gained national fame as the "Rotary Post" is in a serious condition tonight as a result of an encounter with a negro bandit who thrust a gun in Carspecken's ribs. The young man knocked the gun from the negro's hands whereupon the bandit drew a razor and slashed him about the throat, face and hands. The attack occurred within three blocks of central police headquarters.

WIFE OF SECRETARY

WEEKS TAKEN ILL

Princeton, Ga., March 22.—A special train for the east left here tonight with Mrs. John W. Weeks, wife of the secretary of war who was taken ill on board the Yacht Everglades off the Georgia coast last night. Mrs. Weeks is being taken to Washington. A bulletin issued by attending physicians here early tonight said her condition has improved since her arrival here.

Mr. and Mrs. Weeks came south with President Harding and his party.

The Leading Light Car at the Auto Show

The Dort Four, Always Popular in Jacksonville, is Now in Greater Demand Than Ever Before Due to the Newly Improved Body Lines

I don't know of a better value anywhere than the Dort Four. No car its weight or size at its price offers more in beauty, quality, and reliable performance.

The body, built in the special Dort body building plant in Kalamazoo, combines elegance and comfort to a high degree.

The new nicked radiator and rounded hood have added much to the car's appearance. There is more and finer equipment. In every way it is a spendid value.

The staunch chassis for which the Dort Four has always been noted is

simple in construction with over-size parts where stresses occur. It is built not only to last for years but to give the utmost in riding comfort.

The heavy, perfectly balanced crankshaft, special light weight pistons, light weight connecting rods, and other motor parts are especially designed to eliminate vibration. Some of the noteworthy features of its equipment are cantilever rear springs, semi-elliptic front springs, spiral bevel geared rear axle, Alemite lubrication and cord tires.

The powerful four-cylinder motor is one of the most reliable that has ever been built for a car of this type.

DR. SMITH PREACHES ON PROCRASTINATION

Was Sermon Theme at Union Reval Thursday Night—Illinois College Club Featured Musical Program

"Procrastination" was the subject assigned to Dr. T. W. Smith of Westminster church last night and he handled it in a masterful fashion and without gloves. He took for his text, the invitation of Jesus to Zaccheus in Luke 19:5, "Make haste and come down for today, I must abide at thy house."

"Zaccheus," said Dr. Smith, was the chief tax collector and the best hated man in Jericho. He was dishonest and a grafter. He was outside the pale of respectability and deserved it. He was rich. He had made money but he had not made a life. The stigma of his business had entered like iron into his soul. He had come short in stature and in life's values. But he was earnest in his purpose to see this new, unaccountable prophet of Galilee. The man that wants to see Jesus is the man that Jesus wants to see. Jesus saw he was in earnest and issued his own invitation to go to dinner with the public. It is a wonderful Savior that will sit down with a man of shady reputation at the risk of his own. Zaccheus was the most detested and most envied man in town that night. Their conversation, while not recorded, was doubtless on the subject of the Kingdom, its wealth and glory. At the close, the singer stood forth, man-fashion, confessed his sin and announced his determination to make full restitution. None is more lost than the grafter, who gauges all life's value by the dollar mark. But there is mercy for him if he turns today. That word is always on the lips of Christ spelled with a capital letter. Indecision is the paralysis of character. We do not drift into the kingdom on a stream nor swing into it in a hammock. While you procrastinate, sin is encroaching on your character. Your spiritual sensibilities grow harder through the years. The hand that is callous with toll was once soft as velvet. Invitations that deeply impress childhood, can be tossed off easily

by age. Childhood is an open door. Manhood is a colored gate. Age is a barricaded entrance. Habit governs the will as it governs the hand. Whenever you refuse to choose, you deepen the inertia of the will. Not one man in ten thousand accepts Christ after seventy years of age. "Forever round the throne of love The lamps of mercy burn, But, what if habit-bound, Your feet refuse to turn?"

Christ gives the invitation to you urgently. He wants to go home with you and be with you tomorrow and all the tomorrows.

The Rev. A. P. Howells was the Master of Ceremonies. The Rev. W. E. Suonts read Luke 18:35-43. Evangelist J. R. Reynolds of Huntington, W. Va., offered prayer. The ushers were Contemporary men: George Riggs, John G. Berger, Warren Hoagland, Fred Six, Arthur Ellis Henry Muhlenhausen, C. W. Borden and Horace Busby.

Prof. Lovejoy brought a musical treat to the audience through the Glee Club of Illinois college. They sang three very fine numbers, "Winter Songs" by Bullard, "Bells of Shandon" by Nevin and "Rock-a-bye" by Canning. Mr. Willard Wesner deserves the appreciation of the preachers and people for his fidelity and his sympathetic work both with piano and organ. To one at least his rendition of "Liebestraum" by Liszt was especially pleasing.

EASTER OPENING IS HELD IN NEW STORE

Herman's, Favorably Known Since 1890, as a Reliable Millinery and Ladies' Ready-to-Wear House, Now in Beautiful New Building

The first day in the most attractively remodeled store of Herman's Ready-to-Wear and Millinery, at 215-217 East State street, was marked with pronounced success. Crowds of patrons of this long time established house, attended the Easter Opening yesterday, and were cordially welcomed by Mr. and Mrs. Herman and the corps of salesladies.

Mammoth baskets of fern and pots of daffodils decorated the place for the occasion. The artistic show windows and display rooms, finished in two tones of French gray, met the enthusiastic approval of all who saw them. The soft glow of the indirect lighting, the tapestry upholstered chairs and the long mirrors give the interior a delightful Fifth Avenue atmosphere.

The first floor holds the ready-to-wear, and millinery department on the east and west sides, the alteration rooms, and work rooms at the back. Lavatories in the basement and a rest room on the second floor are being equipped for the patrons. The remainder of the second floor will store the reserve stock. Herman's is in touch with the Metropolitan markets and new things are coming in daily.

Spring's most attractive creations for all hours of the day were shown in the lovely show windows and cases.

Miss Lillian Rosenthal, who is in charge of the millinery department, has a reputation for exacting service to her patrons. Every style of hat, large and small is displayed on the long shelves of the millinery department.

The blouses and shirtwaists are found in a separate inset room, between the two main salesrooms, which adds much to the convenience of the arrangements.

This move of Herman's, a store known here since 1890, for its reliability and first class merchandise, means much to the city. East State street's appearance is vastly improved by the attractive building and no doubt property value will be raised around there.

The enthusiastic remarks of the many people who viewed the Easter opening prove that the beauty of the new establishment has been appreciated.

Flowers for the occasion were furnished by Heim Floral Company and arranged the fixtures and conveniences of the interior.

PAROCHIAL SCHOOL DEFEATS FRESHMEN

At 10 p.m. the Parochial All Stars basketball team trimmed the Rout College Freshmen team by a score of 13 to 12. The game was a tie up to the last five minutes, when P. Cooney of the All Stars shot over the winning basket. The game was unusually exciting and the spectators showed their appreciation by their loyal cheering. The lineup follows:

All Stars—McGinnis and Murtatoy, forwards; Guinan, center; P. Cooney and O'Connell, guards.

For the Freshmen—Devlin and Norris, forwards; Clancy and Henry, center; H. Cooney and Schy, guards. For the All Stars, Guinan made 8 points and P. Cooney made 5. For the Freshmen, the following scored points: Norris 6; Henry 2; and H. Cooney 4.

CONFERENCE PROGRAM HAS BEEN OUTLINED

Program for Older Boys and Girls Conference in This City April 14 and 15 is Outlined—Cars Needed for Trip to Murrayville Next Sunday.

Announcement has just been made of the program for the Older Boys and Girls conference which is to be held in this city Saturday and Sunday, April 14 and 15. The conference sessions will begin Saturday at 1 o'clock and continue thru Sunday evening. A glance thru the program which is given below indicates that there will be something worth while for young folks and older ones as well at each session during the two day conference.

The second district rally preliminary to the conference is to be held next Sunday at Murrayville, when a program similar to the one at Waverly last Sunday will be carried out.

The indications are that a far larger number of young people will go from this city to Murrayville next Sunday than were included in the delegation which went to Waverly last Sunday. A large number of cars will be needed to convey the young people to Murrayville, and an urgent appeal is made to car owners to assist by furnishing their cars for the trip.

The following persons very generously furnished cars for the trip to Waverly last Sunday: Dr. W. P. Duncan, William A. Bieber, W. L. Sullivan, J. E. Bosart, L. F. Berger, Dorothy Dunavan, John T. Roberts, G. W. Gard, Otis Ivie, Leon Stewart, W. H. Wiseman, Rev. W. E. Spoons, Mr. Rogers, Alonzo Weatherford, Roy Beattall, Clarence L. DePew.

NON-RESIDENT TAKES STOCK IN NEW HOTEL

P. S. Montgomery of Edwardsville Subscribes \$2,000—Total is Now \$121,400—Full Force of Workers Will be in Field Today.

The campaign for finance with which to build the new hotel for Jacksonville received a decided impetus yesterday when a subscription for \$2,000 came to headquarters from P. S. Montgomery of Edwardsville, who has a number of sign boards in this city. In a letter accompanying the subscription, Mr. Montgomery expressed great confidence in the future prosperity of this city, and stated that he is thinking of moving his family here and making it his permanent home. He said that during the past three months, he had noted a change in the city and its citizens, with a decided tendency toward general improvement and prosperity.

The campaign workers in the field yesterday secured a number of subscriptions for \$2,000, as well as a large number of minor sums. It is noticeable that many working men are taking stock in the new hotel, and everywhere the solicitors are meeting with a ready response. The total stock subscribed to date is \$121,400.

The fact that this campaign is being put on entirely by local committees means a decided saving in the proceeds of the solicitation. Usually the work is done by promotion agencies on a percentage basis. This eats into the funds for campaign expenses. Jacksonville will be able to invest practically every dollar subscribed in stock directly in the hotel building and its equipment.

A new modern hotel in this city will mean an increase in business for everybody. Tourists who find good looking quarters, will stop here, and when they stop they spend money, to the general profit of the city and its inhabitants. Many travellers will remain here over the weekend if they have a modern hotel in which to spend their leisure hours. This means a much larger amount spent in Jacksonville.

Hotels in Other Cities.

Pictures of the large hotels recently erected in other cities have been secured and distributed at the windows in business houses on the square. Citizens who come down town can see what the new hotel here will be like, and catch a vision of the new building as it may appear in Jacksonville's business district.

The fact that an out-of-town man, who has only a small interest in this city, has confidence enough in the town to voluntarily subscribe a large amount of stock should open the eyes of local citizens to the future possibilities of Jacksonville. We will get out of the town exactly what we put into it. If we erect a fine, thoroughly modern hotel here, Jacksonville and its people will reap for years to come the benefits which such an establishment is bound to bring.

Telegrams and night letters have been sent to members of the Chamber of Commerce who are out of town, requesting them to wire in their subscriptions so as to bring the campaign to a close as quick as possible. A meeting of team captains and their committees will be held at 9:30 o'clock this morning in the Chamber of Commerce rooms, at which all reports will be turned in and preparations made for another start. By that time many of the team members will have returned from Danville, and a full force of workers will be in the field today. The total of \$121,400 of reported subscriptions does not include sums not yet received from various teams, which have not yet sent in their subscription lists.

MURRAYVILLE AID PLANS EASTER BAZAR

Methodist Women to Hold Easter Bazaar and Market in New I. O. O. F. Building Saturday.

Members of the Ladies' Aid society of the Murrayville M. E. church are completing arrangements for their annual Easter bazaar and market, which will be held Saturday, March 24, in the new I. O. O. F. building.

The general arrangements of the affair are in charge of Mrs. Millard, the president of the society, and various members of the society are assisting with the details. Lunch will be served during the afternoon and evening. There will be a booth for every day in the week. In the Monday booth articles used on wash day will be sold and in Tuesday's booth will be found things useful on ironing day. For Wednesday there will be mending articles and the Thursday booth will represent "reception" day. Various cleaning articles will be offered for sale in the Friday booth and market articles in Saturday's.

At the Sunday booth there will be a program of sacred songs and readings.

The committees in charge of the various booths are listed below:

Monday—Mrs. Alma Wright, Mrs. Warren Jones.

Tuesday—Mrs. Jesse Hayes, Mrs. Anna Lamb.

Wednesday—Mrs. Lora Angelo, Mrs. Sarah Wade.

Thursday—Mrs. Nettie Million, Mrs. J. E. Thompson.

Saturday—Mrs. Susan Carlson.

ODD FELLOWS ENJOY GENERAL GOOD TIME

Between two and three hundred people, members and friends of Odd Fellows lodges of the city, attended the program at a social held at the Urania lodge hall, Thursday evening. The plays presented by members of the Woman's College Dramatic club, under the direction of Miss Ida B. Davis, were a decided success.

The last play given, "In the Spring—a Young Man's Fancy," created much merriment and made a real hit with the audience. The actors in both plays carried their parts in fine style, and the entire audience was much pleased with the result.

Following the formal program the lodge served refreshments of ice cream, cake and coffee, during a general social hour. Charlie Goodey made some of his first class doughnuts for the colleg girls, who ate them with great relish.

GREENE COUNTY MERCHANT DEAD

W. D. Rowe Passed Away at Home of Son in White Hall—Had Been Resident of County Many Years.

White Hall, March 21.—William Daniel Rowe, who has been a rural merchant in western Greene county for more than twenty-five years, died at 2:15 a. m. Monday in the home of his son, James D. Rowe, on Ross street in White Hall. The deceased had been in failing health for a year, and last September he was brought to the home of his son, where he was given the best of care, but his health continued to fail, with the result that his store at Walkerville was disposed of to J. H. Brown. Sunday his condition became such that his life was despaired of.

ARENZVILLE CHURCH HAVE CONFIRMATION

Lutheran Church to Hold Confirmation Service Next Sunday—Other News from Arenzville.

Arenzville, March 21.—The confirmation exercises of the Lutheran church will be held Sunday, March 25, Palm Sunday. A class of five will be taken into the church at that time and a special program is being arranged.

Mrs. Pat Zahn and son Elmer are at present staying at the home of Mr. and Mrs. Henry Zahn. Their home was badly damaged by fire Monday. By the prompt action of the fire department the flames were soon under control.

Mrs. Theodore Hierman returned recently from Jacksonville after spending a few days with friends there.

Albert Joeckel has returned to his home near Clayton after several weeks' stay with his uncle, Victor Joeckel and family.

Mrs. Ervin Fisher was a Jacksonville visitor Friday.

Mrs. Henry Zahn has returned from Jacksonville where she has been a guest of her daughter, Mrs. John Berger and family.

Herman Wesler was a business visitor at Jacksonville recently.

Miss Mabel Erving spent the week end with her niece, Miss Mabel Gates, in Jacksonville.

PHOTOS ARE MADE OF MEMORIAL TABLETS

The tablet committee of the Rev. James Caldwell Chapter, D. A. R. has recently had some photographs taken by Otto Spiehl of the tablets at the Duncan Memorial Home. Among the photos is one of the Gold Star tablet, and relatives or friends of the young heroes whose names appear thereon may secure copies of the photo from Mrs. Carl E. Spiehl, the chairman, or from Mrs. Lillian I. Danskin. The photos of the other tablets may also be purchased by interested persons.

Relatives or friends of any deceased citizen of Morgan county may install a tablet in his or her memory desired. There is some confusion upon this point, the impression having been that the tablets were only for relatives of members of the D. A. R. This is not the case, and any deceased citizen of the county of good reputation may be honored by a tablet.

FORD SHOW ATTRACTS BIG CROWD THURSDAY

The free movie exhibition of Ford activities given at the high school Thursday afternoon under the auspices of the Lukeman Motor Co. was well attended.

E. B. Jones, a representative from the Ford factory, and E. L. Corbin of the Illinois Agricultural association were the speakers. The first picture shown was en-

titled "A Day at the Fair," which showed a Ford exhibit of all Ford products. Going back to the day when the first Ford was made was shown and also the first tractor. While the Ford of that day was not as attractive as the 1923 model, yet it must have been a real car.

In this exhibit was shown all the old models of farm machinery, from the old time wheat trail, to the new threshers. In the picture was also shown a Fordson tractor race on a race track and the Ford band.

In the next picture was a tour through the Ford Motor Co. plants. This picture was taken while the war was going on, but Mr. Jones stated that it was the best picture ever taken of the interior of the plant. Almost every phase of Ford making was taken up and no doubt much was learned from this show.

Pictures were shown of the Ford employees. It was of great interest to the audience to know that they taught English language to the foreigners of the plant, which indicates that Henry Ford is doing something else for the United States besides making Ford cars and tractors.

The Agricultural Department of the High School was present at the show and lecture.

NOTICE OF FINAL SETTLEMENT

In the matter of the estate of Berinthia Mathews deceased.

Notice is hereby given, that I the undersigned, executrix of the last will and testament of Berinthia Mathews deceased, has caused her final report and account as such executrix to be placed on file in the office of the Clerk of the County Court of Morgan County, Illinois, and that she shall apply to said Court on Monday, the 7th day of May A. D. 1923, at 9 o'clock A. M. of that day, or as soon thereafter as she can be heard, for an order of approval of said report and account, and for her final discharge, at which time and place, all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

MARY C. MATHEWS, Executrix.

Five Million Dollars More for Taxes Than Dividends

INDUSTRY to live and be successful must earn sufficient money to compensate the three major factors who have investment interest in the enterprise.

First, the stockholder who has invested his savings in the business; second, the employee who has invested his time and talents; third, the people who have given property protection and the right to do business.

Ten years ago the Standard Oil Company, Inc. was dissolved under an order of the United States Supreme Court, and the Standard Oil Company (Indiana) became an independent organization, controlled by a Board of Directors elected by the stockholders.

In the ten years of its existence, as an independent organization, the Standard Oil Company (Indiana) has paid in wages the sum of 335 million dollars to the employees who have invested their time and talents in the service of the Company.

To the Federal, State, County and Municipal Governments, who have furnished property and police protection, the Standard Oil Company (Indiana) has paid, in the form of taxes, approximately 79 million dollars in cash, while the stockholders whose thrift and enterprise have made the business possible have been paid cash dividends of 74 million dollars.

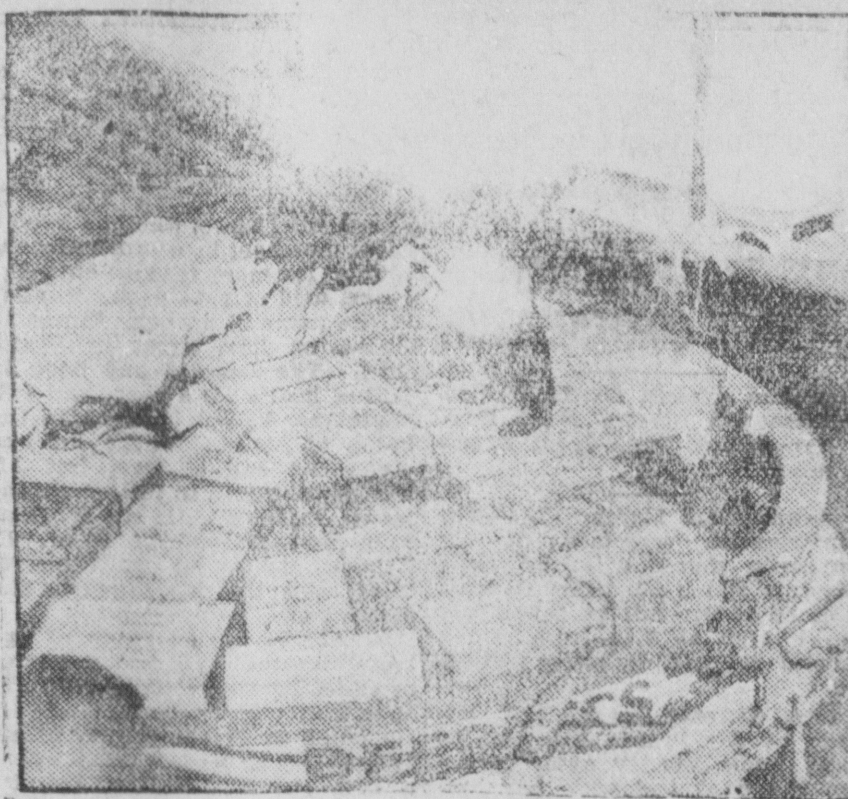

In a word the Company has paid, during the past ten years over 5 million dollars more in taxes than the stockholders have received as dividends.

These payments have been possible only because the management of the Standard Oil Company (Indiana) has conducted its business in a highly efficient and satisfactory manner, and has won public support through the sheer merit of the service the Company has rendered, and the superior quality of the goods it has made and sold.

In addition to these cash payments the Company has succeeded in accumulating an invested surplus which has enabled it to largely expand its activities and intensify the service it renders the public by meeting the insistent demands for petroleum products which have become indispensable to our social and economic welfare.

ANDREW NELSON DIED YESTERDAY

Long Time Resident Passed Away at Home—No Funeral Arrangements Have Been Made

Andrew Nelson, a resident of Jacksonville for over fifty years, died at his home, 641 Liberia street at 12:30 o'clock Thursday afternoon.

Decedent was born in Sweden, November 30, 1838 and at the time of death was 84 years, 3 months and 22 days old. He grew to manhood in that country, coming to the United States in 1870. He came directly to Jacksonville which has since been his home.

In 1872 Mr. Nelson was united in marriage to Mrs. Ida Johnson who survives him. He also leaves the following children: Emil of Normal, Carl A., Mrs. Anna Hogan, Mrs. Patrick Hayes, Mrs. Emma Rogers of this city and Mrs. Henry Smith of Prentice. One son, Charles, died in infancy.

In earlier years Mr. Nelson followed the occupation of hod carrier. For many years, however, he was employed by the city in the street department and made a splendid record for faithful service under many administrations. He was a man of strict integrity and had many friends in the com-

munity in which he had spent so many years.

The body was removed to the undertaking parlors of Arthur G. Cody and prepared for burial. Funeral arrangements will be made known later.

AMERICAN JAIL 100 YEARS BEHIND

CHICAGO—The American jail generally is one hundred years behind what it should be, according to Rev. Charles N. Lathrop, secretary of the social service department of the Episcopal church, author, and advocate of jail reform. Mr. Lathrop aided in the great clean-up in San Francisco and is a former chaplain of an Quentin.

"It is a part of the responsibility of Christianity to see that the modern jail is made to conform to the twentieth century principles of humanity," according to Rev. Mr. Lathrop. "We hear about the evils of our prison system, but little effort to bring it home locally, the jails. They harbor not only those convicted of offenses, but hundreds who are merely suspects or detained as witnesses."

"We should expect from a jail an opportunity for those detained to have some occupation; that adequate compensation be given for work done; that it be clean and inmates given a chance to keep clean themselves; a woman in charge of women prisoners; healthy in atmosphere, and provide plenty of good reading matter."

Committees composed of men and women of mature experience and honesty, working in co-operation with local authorities in investigating prison conditions, is urged by Rev. Mr. Lathrop, but cautions against making motives and lack of money a find fault or blame for prison conditions.

"The only way to get the facts, if they are not ideal, is to go to the jail, not with a preconceived charge, but with an open mind. A jailer cannot make a good jail out of a bad one. Effective administration is the only way."

Despite the fact that Rev. Mr. Lathrop works through church organizations and has prepared a pamphlet for church workers, he recommends that "above all, do not feel that your first duty is to start a Sunday service and immediately dose the prisoners with church and Bible classes. The only way in which prisoners can be influenced when they are susceptible to influence at all is to drop religious preachments and approach them through the medium of just ordinary human friendships."

RHODES GAINS 15 POUNDS ON TANLAC

Declares It Overcame Stomach Trouble, Weakness and Incomnia, Restoring Full Weight.

"People on all sides are asking me what it is that makes me look so healthy and well these days, and the answer takes only one word—Tanlac," is the characteristic statement made, recently, by O. W. Rhodes, a well-known carpenter, living at 951 Jefferson St., Gary, Ind.

"Before taking Tanlac it was a big job even for me to drag myself off to work in the mornings, for I was so nervous I could hardly sleep and got up all tired out. I had indigestion so bad and was eating so little that I lost weight and strength continually. By noon of each day I was all worn-out and went home at night feeling 'all in.'"

"Since taking Tanlac I simply feel like my whole system has been remodeled. I have gained fifteen pounds and feel as well, vigorous and happy as a man could wish. It certainly is astonishing how quickly Tanlac got me to feeling right again."

Tanlac is for sale by all good druggists. Over 35-million bottles sold. (adv.)

NOTED KIWANIS EXPECTED IN CITY

Warren G. Harding and Commander Owsley, Who are Members of Club May Come Here in June—Kiwanis Members Enjoy Pictures at Meeting.

Two noted Kiwanians are expected to be in the city on June 15 in connection with the dedication of the new soldier's building at the Jacksonville State hospital, according to announcement made yesterday at the regular meeting of the Kiwanis club. They were Warren G. Harding, who is a member of the Kiwanis club of Marion, Ohio, and Alvin M. Owsley, national commander of the American Legion, who is a member of the Kiwanis club at Denton, Texas. The local Kiwanians are planning a special meeting, banquet and program in honor of the guests.

The program of the meeting yesterday was opened with music by a string quartet from Illinois college. The club members were treated to a picture show given by C. L. DePew, who is agent for the DeVry picture machine. The pictures were educational, the feature reel depicting scenes in the north woods during the logging season. The work of the caterpillar engine was shown to advantage. One of these engines hauled 179 tons of logs on sleds for miles across the snow to the

place where they could be loaded.

Several Fox News pictures were shown, including the of Clemenceau's visit to country, and a number of toons.

Guests present at the meeting included Francis Welch of toon, and D. B. Jones and Sam Jaki from the Ford factory who were guests of George Lukeman.

RETAIL PRICES STILL ABNORMALLY HIGH

LONDON.—How the poor old
ultimate consumer in England,
notwithstanding the many
outward signs of the revival of
prosperity, is still paying the piper,
is vividly portrayed by a statistician
who has compiled figures showing
that whereas wholesale prices
here have fallen to 55 per cent
higher than they were in 1913,
the retail prices are still maintaining a level 78 per cent above
that of five years before the war.

While it is natural that retail
prices should lag behind wholesale
figures in the return to normal
conditions, the statistician
points out that wholesale prices
have been declining for more
than a year while retail prices
have remained almost stationary.
Moreover, retailers have failed to
reduce their prices despite the
fact that it has been a year of
declining wages.

Several reasons, or excuses, are
given to show why there is this
discrepancy. First the retailer,
spoiled by the long period of soaring
prices when there was an
even wider margin between buying
and selling prices, is naturally
reluctant now to take losses to
get rid of stocks purchased on a
declining market. Other factors
cited by the statistician are:

1. Bad organization in many
distributive trades, which
demands a big gross profit margin
to make a small actual net profit.
2. Growth of trade associations
which dictate retail prices to the
consumer and also dictate to
wholesalers the gross margin allowed
to retailers.
3. Heavy imperial and local
taxation.
4. The growth of overhead
charges per unit of trade done,
which necessarily follows upon
price restriction of trade.

AMERICAN NAMED FOR HISTORIAN

CLEVELAND, O.—Columbus
discovered America but Americus
Vesputius described it and as a
result the country bears the name
of the historian rather than that
of the discoverer, M. S. Pittman,
of Michigan State Normal College
Ypsilanti, Michigan, told the
Department of Superintendence
of the National Education Association
here today.

"Comenius, the great educator
of the seventeenth century,
put his thoughts into written
form but he lacked a suitable
press agent and in consequence
education lost two centuries of
possible progress," said Dr. Pittman.
"Publicity is the trailblazer
which discovers and marks the
paths along which civilization
may march with safety. It is the
agency by which an established
civilization makes known its virtues
and its blessings."

"The thesis: The pen is
mightier than the sword was
once debatable but not since the
art of publicity has been so highly
developed. Organized opinion
is the world's greatest power and
publicity is the creator of public
opinion. Educational publicity,
then is the trailblazer, the light
giver, the radio, the opinion maker,
the war machine of educational
progress."

CONFEDERATE VETERANS WILL GATHER AGAIN

New Orleans, La. — The 33rd
annual reunion of the United Confederate
Veterans to be held here
April 11-13 will be the fifth gathering
of its kind in New Orleans.

The first veteran's convention
was held here June 10, 1889, and
was presided over by John B. Gordon,
commander in chief, with the late J. A. Chalaron as
adjutant general. The second was on
April 8 and 9, 1892, and as on the
previous occasion General Gordon
was the presiding officer. Again
in May 1903 the old veterans
gathered here to repeat the camp
fire stories. General Gordon
again occupied the chair with W.
E. Mickle as adjutant general.
Three years later, April 1906, the
thinning grey lines of white haired
men came back to the Crescent
City.

And now for the fifth time the
veterans will "pitch tent" in this
city. General Julian S. Carr, of
Richmond, commander in chief,
will be the presiding officer. Edgar
M. Taylor will be the adjutant.
The reunion will be held in the
vast auditorium of Clio street
between St. Charles and Prytanis,
used last year for the national
Knights Templars conclave. Committees
on arrangements have already
been named.

DESCRIBES CAPITALISM AS MORALLY BANKRUPT

LONDON.—Labor should do
itself the justice of ceasing to be
negative, anti-capitalist, thinking
only of its shares," writes Ramsay
Macdonald, leader of the Labor
Opposition in the House of
Commons in the February issue
of the Socialist Review. His article
is called "The Outlook for
Trade Unionism."

"Every counsellor who advises
labor contrary to the spirit of social
co-operation is misleading it,"
continued Mr. Macdonald. "The
building up of an organization devised
exclusively to fight capitalism
is an error. The fight against
capitalism has to be carried on
by applying a better spirit than
that of capitalism to social and
industrial problems and difficulties."

After stating that political and
moral weapons alone can undermine
the walls of capitalism, Mr.
Macdonald adds:

"Organized labor, trade union
executives, parliamentary parties
should each in their own way
and in respect to their own trades
and jobs make the conspiracy
of capitalism against the community
—not always against the labor
party—clear. This has to be
accomplished by a persistent explanation
of the work of capitalism,
its watered stocks, its flotation
expenses, its useless payments,
its methods of keeping-up
prices, and such like."

In conclusion, Mr. Macdonald
says: "Capitalism is decaying
owing to its moral bankruptcy. It
is at war with social production,
with common well being, and
with the spiritual love of liberty.
If the labor struggle is conducted
in the same spirit as the capitalists
have shown, and on a class
basis, the decisive battles will be
alone and labor will gain no
great victory but as soon as labor
freed its mind so as to come under
the influence of the spirit of its
historic role to create a social
economic organization that will
secure liberty and make a single
minded pursuit of commonwealth
interests practicable, it will equip
itself with weapons and hold a
position which will make its final
victory certain."

INTRODUCING

HICKEY-FREEMAN

Customized

CLOTHES

WELL dressed men of this city invariably
associate our name with
clothes of the highest character.
Therefore when we announce a
brand of ready-to-wear clothes surpassing
any we have hitherto shown, it will generally
be conceded that they must be clothes
extraordinary.

We wanted to give our patrons the finest
clothes obtainable. We set a high standard
—we sought clothes as near perfection as
human skill could reach. We examined brand
after brand. Our final choice was HICKEY-
FREEMAN CLOTHES.

The first shipment has just arrived, and our
expectations have been more than realized.
In all our experience as clothiers, we have
never seen finer clothes and we know the
men of this city will be as keen about them
as we are.

Hickey-Freeman Clothes are the equal of the
finest custom tailored clothes in the land.
Every vital part is shaped and molded by
hand. This is the secret of their remarkable
fit, fine finish and enduring satisfaction. May
we show you the new Spring models?

King Victor Emmanuel of Italy has the most comprehensive official title of any European monarch. His dignities, most of which come to him from the old kingdom of Sardinia include a claim to the sovereignty of Sardinia, France, Spain, England, Italy, Jerusalem, Greece, Alexandria, and Hamburg; in addition to such grandiloquent generalities as "Ruler of the Midway Sea," "Master of the Deep," and "King of the Earth."

EXHIBITS PROWESS TO AID FRANCE

Clarice MacLevy, whose strength and suppleness have gained her the title of "the athletic girl," will do stunts like this at New York to raise funds for Anne Morgan's Committee for the Restoration of Devastated France.

LONG SHOTS HIGH FAVOR WITH BIG TEN

It has long been a theory in basketball that a quintet which depends on team play and combination work to carry the ball down the floor for a close shot at the cage will consistently beat an outfit that overlooks the passing end of the game to a certain extent, and resorts mainly to long tosses for its points.

The theory, of course, still holds true. That's easy to be seen. It couldn't be otherwise. For it's far easier to drop the ball through the hoop at close range than it is from a distance. In the latter instance the element of luck plays too big a part.

However, the old theory does not work as well nowadays. Simply because the defensive end of the play has grown more efficient and the guarding has become so close that it is well nigh impossible to pass the ball down court in order to obtain a "near" try at the meshwork. Getting the leather down underneath the basket is almost out of the question.

Consider the recent Western conference game between Indiana and Illinois, which the former won, 31 to 24. In that fray, the two factions combined had exactly 131 shots at the hoop, of

which only 23 resulted in goals. And of the 131 attempts but 28 of them were close shots, and 22 medium heaves. No less than 81 long tosses were tried. All told 23 field baskets were scored with 13 coming on shots from near the cage, 4 on medium throws, and 6 on "Long Tosses."

Obviously short shots always return the largest rewards, but the above figures go to prove that under the present rules the guarding is so close and the players "cover up" so well that "distant" tosses are to a great extent the only alternatives. And as in the Hoosier-Sucker embroglio, when but six goals out of 81 long attempts were made, the "angel" heaves usually result disastrously.

There seems to be much food for thought in this angle of the pastime.

The big steamship companies usually favor a particular style of name for their vessels, or else a particular ending. The White Star line, for instance, always chose names ending with "ic"—the Celtic, the Majestic, etc. The Cunard line is equally faithful to the termination "ia," and give us the Mauretania, Lusitania, Carmania, and so on.

Playing marbles is the favorite pastime of Jackie Coogan, the boy film star.

MILLIONAIRE TO DRIVE PACKARD CAR

Joe Boyer of Detroit Will be Teammate for Ralph DePalma —Is Doing a "Comeback" this Year.

INDIANAPOLIS — Joe Boyer, Detroit millionaire, who has been nominated by the Packard Motor Car company, as team mate for Ralph DePalma, in the eleventh annual 500 mile international sweepstakes May 30, is one of the most popular of modern speed merchants.

Boyer has the unique distinction of having driven one of the hardest fought races in history to win the smallest prize in the history of speedway racing. This was in 1919 and for 250 miles over the Cincinnati board oval. Boyer was enriched to the tune of nine cents. He never cashed the check, but had it framed for an heirloom to hand down to his two sturdy sons.

Joe is doing a "comeback." Last year he retired from the speed sport and contented himself with waving flags as assistant starter for the 500 mile race. However, it irked him to signal the men with whom he had so often battled and during the practice session he "borrowed" cars from the drivers and drove many miles "tuning" up the engines for his friends.

Back in 1915 Boyer made his Indianapolis debut. Louis Chevrolet entered a little car known as the Cornelian. It was such a small light affair that carrying Louis was too much for it to make the requisite speed in the trials. Chevrolet knew Boyer well and picked him off the pit wall, registered him as a driver, and he slightly built Detroit qualified the Cornelian. He was to relieve the famed Franco-Swiss in the race but the car came to grief so soon. The next year found Boyer relief driver, for the three Chevrolet Brothers who piloted Erontenacs, then came the war and after Boyer doffed the uniform he drove his own cars in 1919, 1920, and 1921.

In 1919 he encountered bad luck early in the race, throwing a rear wheel and axle shaft high in the air. It dropped on the after deck of his speeding car but the only injury to the crew was smashing his mechanic's finger. In 1922 Boyer electrified the Indianapolis fans with the pace he set from the start and for the first half of the race he was only out of the lead momentarily. About 260 miles trouble started which culminated in his only serious accident. With the winner flagged and the remaining cars battling for place money, Joe had the misfortune to break a right steering knuckle and crash into a tree. He was slightly injured.

The 1921 race found Joe a member of the Duesenberg team, but he did not finish the race. In July of that year he went to France as a member of the "Duesy" team that won the Grand Prix but it was Jimmy Murphy who got first honors. In the race Boyer thrilled the Frenchman and showed them what skillful daring driving in the roads meant.

His teaming with Ralph DePalma will make the Packard team a hard one to defeat on Memorial Day and if the Packard factory names a third driver of equal caliber, the little six-cylinder cars will be the team against which all the entrants will plan their campaign of elimination.

TWO WORLD MARKS ARE REWARDS FOR RITOLA'S EFFORTS

NEW YORK—Once in a while some athlete takes a fall out of a world record. But seldom does a contestant pull the stunt of tumbling two records at the same time.

Willie Ritola, the flying Finn, did this. He set out to beat Jole Ray, king of distance men—and so do it he put forth the greatest three mile run the world has ever witnessed. On a poorly conditioned indoor track he beat the under path mark.

Doggedly keeping at Jole's heels with his peculiar, awkward gait, Ritola drove the veteran runner to superhuman efforts. Then, in the sprint to the tape Ritola passed Ray and hung up a mark of 14:14 4-5. This not only shattered the world record for the inside three mile run but over the record the great Al-trad Shrubbs set on an English outside track in 1903.

BRANCH RICKEY STRONG FOR COLLEGES

When a fellow has a hobby it is hard to tear it away from him. There is Branch Rickey, who was baseball coach for the University of Michigan long before he became manager of the Cardinals and a hobby with Rickey is college ball players.

A brief sketch over his career shows that he does not believe the bridge between the college field and the major league circuit is too long to cover.

On the 1923 Cardinals are

found Pitcher Dyer of the University of Texas, Pitcher Stuart of Ohio State and Catcher Harry McCurdy of the University of Illinois. Catcher Harry Vick, with the University of Illinois last season, snared by Rickey last summer, has just been farmed to a minor league club by Rickey.

Johnny Lavan, a big league short stop for ten years, now with the Cardinals, was with Rickey at the University of Michigan. And let us not overlook the distinguished George Sisler, who hopped from the Michigan frat houses to the American league. Farther back, there is Derrill Pratt, who agreed to join the St.

Louis Browns while attending University of Alabama.

Ernest Koob, a kid southpaw who was a sensation for years in the American league was plucked by Rickey from Kalamazoo university. Wayne Wright present a member of the St. Louis Browns staff, was found by Rickey at Ohio state when he was business manager of the Browns in 1916.

While major league phenoms also grow in minor league fields Rickey is one big league manager who does not let his eye miss the collegiate territory.

BUTTER MARKET
BECOMES WEAK

CHICAGO, March 22.—The but-
ter market closed weak here to-
day after a decline in New York,
although the supply and demand
were equivalent and under nor-
mal conditions the market would
be firm. The weakness in the
east led buyers to believe that
lower prices would follow here
and held off from buying. Al-
though orders were given only for
immediate needs stocks were
cleaned up and dealers did not
lose by the suggestion of lower
prices. The car market was al-
so affected by the decline in New
York and followed the bulk
market in feeling.
Closing prices: Fresh butter;
87 score 48; 88 score 49; 89
score 49; 90 score 50; 91 score
51; 92 score. Centralized carlots
89 score 49; 90 score 49.
